

NIK HUBER
g u i t a r s

SURFMEISTER

It takes skill, boldness and agility to catch the wave of your dreams.

It takes a real surf-'master'.

Our Surfmeister guitar - built in the well-known and always dependable Nik Huber quality - comes equipped with a huge California heart.

Its tone is courtesy of Tronebucker pickups, as tempting and clear as the Pacific on a bright summer morning.

With an optional Bigsby, your sound takes an additional shimmer like a spindrift on cresting waves. Be ready, before the next big one surges over on the horizon!
